Deductions Anyone?

Are you taking all the tax deductions available to you? The following list identifies some of the most common deductions. Before taking a deduction, please refer to the rule to determine entitlement to the deduction. A detailed list of deductions is available in the Department's publication, *Business Tax Guide*. A copy is available on the Department's web page at <http://dor.wa.gov/publications/bustxgud.pdf>.

Returns and Allowances: Available under most B&O tax classifications, public utility and retail sales tax. A deduction is allowed for amounts received for returned goods when the selling price is refunded or credited to the customer. *Refer to WAC 458-20-108, Returned goods, allowances, cash discounts.*

Freight: Available under the manufacturing B&O tax classification. Manufacturers that incur freight and delivery costs may deduct those costs. *Refer to WAC 458-20-112, Value of products.*

About Unclaimed Property

Are you holding Unclaimed Property?

The Uniform Unclaimed Property Act protects unclaimed property until it is returned to its rightful owner and allows for a central location in each state where people can search for their unclaimed funds. Washington State law requires businesses and other organizations to review their records each year to determine if they hold any unclaimed property. If a business has unclaimed property, the business must file an annual report and deliver the property to the state. The most common types of unclaimed property held by businesses include:

- ◆ Abandoned bank accounts and uncashed checks.
- ◆ Gift certificates and utility/phone company deposits.
- ◆ Safe deposit box contents, insurance proceeds, stocks, bonds and mutual funds.

The Department is offering several Unclaimed Property Reporting Workshops in Olympia and Spokane for 2002. The workshops are designed to educate businesses about their reporting requirements and are tailored to fit three different types of audiences: government agencies, financial institutions and general businesses. For the workshop schedule and registration information, please see page three.

Does the state owe you money?

Check out the Department's web site to find out if the state is holding your money. Search the Department's Unclaimed Property database, <http://dor.wa.gov/unclaim/search.asp?noframes>, by business name or last name. The online database includes information on property received since 1983. For information regarding property received prior to 1983, please call 1-800-435-2429.

Bad Debt: Available under B&O, public utility and retail sales tax. This deduction may be taken when amounts previously reported on a Combined Excise Tax Return have been determined to be uncollectible. To take the deduction, the debts must be written off as worthless for federal tax purposes. *Refer to WAC 458-20-196, Credit losses, bad debts, recoveries.*

Interstate & Foreign Sales: Available under most B&O tax classifications and retail sales tax. The deduction applies to sales of goods delivered outside the state. *Refer to WAC 458-20-193, Inbound and outbound interstate sales of tangible personal property.*

Excise Tax Advisories (ETA)

The Department issued the following ETA on January 28, 2002:

2007.04.190 Taxability of federal instrumentalities and federally-created corporate entities.

April 30 Property Tax Reminder

Don't forget, April 30, 2002, is the due date for real and personal property tax payments. This is also the due date for filing personal property affidavits.

If you have questions about payment of property taxes, contact your county treasurer's office. If you have questions about the valuation of property or filing the personal property affidavit, contact your county assessor's office. Telephone numbers for both offices are listed in the county government sections of the phone book. ▲

Notice to Auto Repair Facilities

Under Washington's Auto Repair Law, Chapter 46.71 RCW, customers are entitled to:

1. A written estimate for repairs that will cost more than \$100, unless waived or absent face-to-face contact (see item 4).
2. Return or inspection of all replaced parts, if requested at the time of repair authorization.
3. Authorize orally or in writing any repairs that exceed the estimated total pre-sales tax cost by more than 10 percent.
4. Authorize any repairs orally or in writing if the customer's vehicle is left with the facility without face-to-face contact between the customer and the repair facility personnel.
5. A copy of the invoice that clearly and accurately lists all work performed and parts supplied.

A repair facility that fails to comply with these requirements may not file a possessory or chattel lien for the amount of unauthorized parts or labor upon the motor vehicle or component. This general summary is not intended to cover all legal implications of the law. It is provided annually by the Department of Revenue, as required by RCW 46.71.090.

Q. I did not have income from my business this quarter. Do I still need to file an excise tax return?

A. Yes, as a registered business you must complete an excise tax return even if you did not have any business income. To complete the return, simply check off the “No Business Activity” box above the signature line on the return. Be sure to sign and date the return and include a daytime phone number.

You may also use the Department’s 24-hour services to file a “no business” tax return. See page four for automated services.

Rule Changes

The following rules were recently adopted. Rules are available via the Department’s web site, <http://dor.wa.gov>.
